Statement of changes in equity

Statement of cash flows

Notes to the financial statements

Directors' declaration

Independent auditor's report to the unit holders of KFM Income Fund

This annual report covers KFM Income Fund as an individual entity.

The Responsible Entity of KFM Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975).

The Responsible Entity's registered office is:  
Level 1, 575 Bourke Street  
Melbourne, VIC 3000.

## Directors' report

The directors of Equity Trustees Limited, the Responsible Entity of KFM Income Fund (the "Fund"), present their report together with the financial statements of the Fund for the year ended 30 June 2021.

### Principal activities

The Fund invests predominantly in high yielding securities listed on the Australian Securities Exchange, such as hybrid securities (fixed and floating), money market and fixed interest investments, property trusts, preference shares, utilities and infrastructure stocks and ordinary shares, particularly high yielding securities such as bank shares, as well as cash. Option strategies are used for generating income and asset protection. The Fund invests in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year.

The various service providers for the Fund are detailed below:

<b>Service</b>	<b>Provider</b>
Responsible Entity	Equity Trustees Limited
Investment Manager	Kaplan Funds Management Pty Limited
Custodian and Administrator	National Australia Bank Limited
Statutory Auditor	Deloitte Touche Tohmatsu

### Directors

The following persons held office as directors of Equity Trustees Limited during or since the end of the year and up to the date of this report:

Philip D Gentry	Chairman
Harvey H Kalman	(resigned 1 September 2020)
Ian C Westley	(resigned 3 July 2020)
Michael J O'Brien	
Russell W Beasley	(appointed 1 September 2020)

### Review and results of operations

During the year, the Fund continued to invest its funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund's performance was 9.97% (net of fees) for the year ended 30 June 2021. The Fund's benchmark, the 1-year Bank Bill Swap Rate (BBSW) plus 2% returned 2.07% for the same period.

The performance of the Fund, as represented by the results of its operations, was as follows:

	<b>Year ended</b>	
	<b>30 June 2021</b>	<b>30 June 2020</b>
Profit/(loss) for the year (\$'000)	<b>1,077</b>	(699)
Distributions paid and payable (\$'000)	<b>330</b>	944
Distributions (cents per unit)	<b>2.2592</b>	5.4767

## Directors' report (continued)

### Significant changes in the state of affairs

Ian C Westley resigned as a director of Equity Trustees Limited on 3 July 2020.

Harvey H Kalman resigned as a director of Equity Trustees Limited on 1 September 2020.

Russell W Beasley was appointed as a director of Equity Trustees Limited on 1 September 2020.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Fund that occurred during the financial year.

### COVID-19

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time. The prior year saw an increase in financial market volatility and corresponding fluctuations in the fair value of the Fund's investment portfolio. There is still some uncertainty around the impact of COVID, the potential for further outbreaks and the COVID vaccine and its roll out both in Australia and around the world.

The Responsible Entity and Investment Manager are monitoring the situation closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Fund. The Investment Manager, however, actively manages the financial risks that the Fund is exposed to, and the Net Asset Values of the Fund continue to be valued in accordance with the frequency set out in the Fund's Offer Documents, applying valuation policies reflective of the prevailing market conditions.

### Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2021 that has significantly affected, or may have a significant effect on:

- i. the operations of the Fund in future financial years; or
- ii. the results of those operations in future financial years; or
- iii. the state of affairs of the Fund in future financial years.

### Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

### Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

### Indemnification of auditor

The auditor of the Fund is in no way indemnified out of the assets of the Fund.

### Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in Note 16 to the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in Note 16 to the financial statements.

## Directors' report (continued)

### Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in Note 9 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

### Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

### Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

### Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.

Philip D Gentry  
Chairman

Melbourne  
9 September 2021

## Auditor's independence declaration

## Statement of comprehensive income

	Note	Year ended	
		30 June 2021 \$'000	30 June 2020 \$'000
<b>Investment income</b>			
Interest income from financial assets at fair value through profit or loss		22	35
Interest income from financial assets at amortised cost		-	1
Dividend and distribution income	5	418	604
Net gains/(losses) on financial instruments at fair value through profit or loss		754	(966)
Other income		1	2
<b>Total investment income/(loss)</b>		<u>1,195</u>	<u>(324)</u>
<b>Expenses</b>			
Management fees	16	88	117
Performance fees	16	-	227
Transaction costs		24	15
Other expenses		6	16
<b>Total expenses</b>		<u>118</u>	<u>375</u>
<b>Profit/(loss) for the year</b>		<u>1,077</u>	<u>(699)</u>
Other comprehensive income		-	-
<b>Total comprehensive income for the year</b>		<u>1,077</u>	<u>(699)</u>

*The above statement of comprehensive income should be read in conjunction with the accompanying notes.*

## 1 General information

These financial statements cover KFM Income Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 12 July 2007 and will terminate in accordance with the provisions of the Fund's Constitution or by Law.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000.

The financial statements are presented in the Australian currency unless otherwise noted.

The Fund invests predominantly in high yielding securities listed on the Australian Securities Exchange, such as hybrid securities (fixed and floating), money market and fixed interest investments, property trusts, preference shares, utilities and infrastructure stocks and ordinary shares, particularly high yielding securities such as bank shares, as well as cash. Option strategies are used for generating income and asset protection. The Fund invests in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time. The prior year saw an increase in financial market volatility and corresponding fluctuations in the fair value of the Fund's investment portfolio. There is still some uncertainty around the impact of COVID, the potential for further outbreaks and the COVID vaccine and its roll out both in Australia and around the world.

The Responsible Entity and Investment Manager are monitoring the situation closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Fund. The Investment Manager, however, actively manages the financial risks that the Fund is exposed to, and the Net Asset Values of the Fund continue to be valued in accordance with the frequency set out in the Fund's Offer Documents, applying valuation policies reflective of the prevailing market conditions.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

## 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

### (a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

#### *i. Compliance with International Financial Reporting Standards (IFRS)*

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

#### *ii. New and amended standards adopted by the Fund*

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2020 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

## 2 Summary of significant accounting policies (continued)

### (a) Basis of preparation (continued)

#### *iii. New standards, amendments and interpretations not yet adopted*

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2021 and have not been early adopted in preparing these financial statements.

None of these are expected to have a material effect on the financial statements of the Fund.

### (b) Financial instruments

#### *i. Classification*

- Financial assets

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

The Fund classifies its financial assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

For equity securities and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

For debt securities, the contractual cash flows are solely payments of principal and interest, however they are neither held for collecting contractual cash flows nor both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business objective. Consequently, the debt securities are measured at fair value through profit or loss.

For cash and cash equivalents and receivables, these assets are held in order to collect the contractual cash flows. The contractual terms of these assets give rise on specified dates, to cash flow that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distributions payable, management fees payable, redemptions payable and other expenses payable to the Investment Manager).

#### *ii. Recognition and derecognition*

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of comprehensive income.

## **2 Summary of significant accounting policies (continued)**

### **(b) Financial instruments (continued)**

#### *iii. Measurement*

- Financial instruments at fair value through profit or loss

At initial recognition, the Fund measures a financial asset and a financial liability at their fair value. Transaction costs of financial assets and liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of 'financial assets or liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

For further details on how the fair value of financial instruments is determined please see Note 4 to the financial statements.

- Financial instruments at amortised cost

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured using the effective interest rate method less any allowance for expected credit losses.

Cash and cash equivalents and receivables are carried at amortised cost.

#### *iv. Impairment*

At each reporting date, the Fund shall estimate a loss allowance on each of the financial assets carried at amortised cost (cash and cash equivalents and receivables) at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that the asset is credit impaired. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The expected credit loss (ECL) approach is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectable in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

#### *v. Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

### **(c) Net assets attributable to unit holders**

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders.

The units can be put back to the Fund at any time for cash based on the redemption price which is equal to a proportionate share of the Fund's net asset value attributable to the unit holders.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

## **2 Summary of significant accounting policies (continued)**

### **(c) Net assets attributable to unit holders (continued)**

The Fund's units are classified as equity as they satisfy the following criteria under AASB 132 *Financial Instruments: Presentation*:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Fund, and is not a contract settled in the Fund's own equity instruments; and
- the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

### **(d) Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represents the Fund's main income generating activity.

### **(e) Investment income**

#### *i. Interest income*

Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents. Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities measured at fair value through profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

Interest income on financial assets at fair value through profit or loss is also recognised in the statement of comprehensive income. Changes in fair value of financial instruments at fair value through profit or loss are recorded in accordance with the policies described in Note 2(b) to the financial statements.

#### *ii. Dividends and distributions*

Dividend income is recognised on the ex-dividend date. The Fund only invests in domestic securities, hence no foreign withholding tax is incurred.

Trust distributions are recognised on an entitlement basis.

### **(f) Expenses**

All expenses are recognised in the statement of comprehensive income on an accrual basis.

### **(g) Income tax**

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders.

### **(h) Distributions**

The Fund may distribute its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. The distributions are recognised in the statement of changes in equity.

## **2 Summary of significant accounting policies (continued)**

### **(i) Functional and presentation currency**

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

### **(j) Due from/to brokers**

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and is recognised initially at fair value and subsequently measured at amortised cost.

### **(k) Receivables**

Receivables may include amounts for interest, dividends and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

### **(l) Payables**

Payables include liabilities and accrued expenses owed by the Fund and any distributions declared which are unpaid as at the end of the reporting period.

A separate distribution payable is recognised in the statement of financial position.

Distributions declared effective 30 June in relation to unit holders who have previously elected to reinvest distributions are recognised as reinvested effective 1 July of the following financial year.

### **(m) Applications and redemptions**

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

### **(n) Goods and services tax (GST)**

The GST incurred on the costs of various services provided to the Fund by third parties such as management, administration and custodian services where applicable, have been passed on to the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%. Hence, fees for these services and any other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

### **(o) Use of estimates and judgements**

The Fund makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Investment Manager.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations, require management to make estimates and judgements. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The Fund estimates that the resultant expected credit loss (ECL) derived from using impairment model, has not materially impacted the Fund. Please see Note 3 for more information on credit risk.

For more information on how fair value is calculated refer to Note 4 to the financial statements.

## **2 Summary of significant accounting policies (continued)**

### **(p) Rounding of amounts**

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

## **3 Financial risk management**

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Constitution, the Product Disclosure Statement and the investment guidelines of the Fund. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance.

All investments present a risk of loss of capital. The maximum loss of capital on long equity and debt securities is limited to the fair value of those positions.

The investments of the Fund, and associated risk, are managed by a specialist Investment Manager, Kaplan Funds Management Pty Limited under an Investment Management Agreement (IMA) approved by the Responsible Entity, and containing the investment strategy and guidelines of the Fund, consistent with those stated in the Product Disclosure Statement.

The Investment Manager's approach to reducing financial risk is largely through adjustments to asset allocation. At the security level the focus is on stability of income and credit holdings by investment grade issuers. The buy and write strategy controls price risk through selection of appropriate option strike prices and maturities. The Fund is denominated in Australian dollar and is not exposed to currency risk. The Fund's liquidity profile is tested annually.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

### **(a) Market risk**

#### *i. Price risk*

The Fund is exposed to price risk on equity securities and debt securities listed or quoted on recognised securities exchanges. Price risk arises from investments held by the Fund for which prices in the future are uncertain.

Price risk is managed by the Investment Manager. The Investment Manager mitigates price risk through diversification and a careful selection of securities and other financial instruments in accordance with the investment mandate of the Fund.

The Fund's overall market positions are monitored on a regular basis by the Investment Manager. This information and the compliance with the Fund's Product Disclosure Statement are reported to the Investment Manager's compliance manager and other key management personnel.

Note 3(b) summarises the sensitivities of the Fund's assets and liabilities to price risk. The analysis is based on the reasonably possible shift that the investment portfolio in which the Fund invests moves by +/-10% (2020:+/- 10%)

#### *ii. Interest rate risk*

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates. Financial instruments with fixed rates expose the Fund to fair value interest rate risk.

The Fund's interest bearing financial instruments expose it to risks associated with the effects of fluctuation in the prevailing market interest rate on its financial position and cash flows. The risk is measured using sensitivity analysis.

The Fund's main interest rate risk arises from its investment in floating rate notes, fixed interest bonds and convertible notes.

Interest rate risk management is undertaken by the Investment Manager. The Investment Manager takes into account its assessment of market interest rates to determine the mix between fixed and floating rate securities in the portfolio.

### 3 Financial risk management (continued)

#### ii. Interest rate risk (continued)

The table below summarises the Fund's exposure to interest rate risk at the end of the reporting period.

	Floating interest rate \$'000	Fixed interest rate				Non- interest bearing \$'000	Total \$'000
		3 months or less \$'000	4 to 12 months \$'000	1 to 5 years \$'000	Over 5 years \$'000		
<b>As at 30 June 2021</b>

### 3 Financial risk management (continued)

#### ii. Interest rate risk (continued)

The table in Note 3(b) summarises the impact of an increase/decrease in interest rates on the Fund's profit and net assets attributable to unit holders through changes in fair value or changes in future cash flows. The analysis is based on the reasonably possible shift that the interest rates changed by +/- 25 basis points (2020: +/- 25 basis points) from the year end rates with all other variables held constant.

#### (b) Summarised sensitivity analysis

The following table summarises the sensitivities of the Fund's operating profit and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates and the historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on profit/net assets attributable to unit holders			
	Price risk		Interest rate risk	
	+10%	-10%	+25bps	-25bps
	\$'000	\$'000	\$'000	\$'000
As at 30 June 2021	(371)	(619)	(1)	1
As at 30 June 2020	350	(940)	(1)	1

#### (c) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The Fund determines credit risk and measures expected credit losses for financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information in determining any expected credit loss. At 30 June 2021 and 30 June 2020, all receivables, amounts due from brokers, cash and short-term deposits are held with counterparties with a credit rating of AA- or higher and are either callable on demand or due to be settled within 1 week. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

The Investment Manager monitors the Fund's credit position on a regular basis. This information and the compliance with the Fund's policy are reported to the Investment Manager's compliance manager and other key management personnel. All contracts are with counterparties included in the Investment Manager's Approved Counterparties list.

#### i. Debt securities

The Fund invests into debt securities which have an investment grade categorisation as rated by Standard & Poor's Ratings Services. For unrated assets a rating is assigned by the Investment Manager using an approach that is consistent with the approach used by rating agencies. All debt securities must have a minimum investment grade as outlined in the Fund's Product Disclosure Statement.

### 3 Financial risk management (continued)

#### (c) Credit risk (continued)

An analysis of debt by rating is set out in the table below.

	AAA \$'000	A- \$'000	BBB+ \$'000	Unrated \$'000	Total \$'000
<b>As at 30 June 2021</b>					
Financial assets at fair value through profit or loss					
Floating rate notes	-	-	-	586	586
<b>Total</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>586</b>	<b>586</b>

	AAA \$'000	A- \$'000	BBB \$'000	Unrated \$'000	Total \$'000
<b>As at 30 June 2020</b>					
Financial assets at fair value through profit or loss					
Convertible notes	-	-	401	-	401
Floating rate notes	-	-	-	576	576
<b>Total</b>	<b>-</b>	<b>-</b>	<b>401</b>	<b>576</b>	<b>977</b>

#### ii. Derivative financial instruments

For derivative financial instruments, the Investment Manager has established limits such that, at any time, less than 10% of the fair value of favourable contracts outstanding are with any individual counterparty.

The Fund also restricts its exposure to credit losses on the trading of derivative instruments it holds by entering into master netting arrangements with counterparties (approved brokers) with whom it undertakes a significant volume of transactions. Master netting arrangements do not result in an offset of financial assets and liabilities, as transactions are usually settled on a gross basis. However, the credit risk associated with favourable contracts is reduced by master netting arrangement to the extent that if an event of default occurs, all amounts with the counterparty are closed and settled on a net basis. The Fund's overall exposure to credit risk on derivative instruments subject to a master netting arrangement can change substantially within a short period, as it is affected by each transaction subject to the arrangements. As at 30 June 2021, the Fund had no master netting arrangements (30 June 2020: nil).

#### iii. Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once the securities purchased have been received by the broker. The trade will fail if either party fails to meet its obligations.

#### iv. Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of AA- (as determined by Standard & Poor's Ratings Services) or higher.

#### v. Other

The Fund is not materially exposed to credit risk on other financial assets.

### 3 Financial risk management (continued)

#### (d) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Exposure to liquidity risk for the Fund may arise from the requirement to meet daily unit holder redemption requests.

The Investment Manager monitors the Fund's liquidity position on a regular basis. The information and the compliance with the Fund's policy are reported to the Investment Manager's compliance manager and other key management personnel.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemptions during 2021 and 2020.

##### *i. Maturities of non-derivative financial liabilities*

All non-derivative financial liabilities of the Fund in the current period have maturities of less than 1 month.

##### *ii. Maturities of gross settled derivative financial instruments*

The table below analyses the Fund's gross settled derivative financial instruments based on their contractual maturity. The Fund may, at its discretion, settle financial instruments prior to their original contractual settlement date, in accordance with its investment strategy, where permitted by the terms and conditions of the relevant instruments.

	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
<b>As at 30 June 2021</b>					
Australian exchange traded options					
Inflows	-	-	-	-	-
(Outflows)	-	(208)	-	-	(208)
<b>Total gross settled derivatives</b>	-	(208)	-	-	(208)
<b>At as 30 June 2020</b>					
Australian exchange traded options					
Inflows	-	-	-	-	-
(Outflows)	-	-	(156)	-	(156)
<b>Total gross settled derivatives</b>	-	-	(156)	-	(156)

### 4 Fair value measurement

The Fund measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

- Financial assets/liabilities at fair value through profit or loss (see Note 6 and Note 7)
- Derivative financial instruments (see Note 8)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

## 4 Fair value measurement (continued)

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

### (a) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives, interest bearing securities, and listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The quoted market price used for financial assets held by the Fund is the current bid price; the quoted market price for financial liabilities is the current asking price. When the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

### (b) Fair value in an inactive or unquoted market (level 2)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

### (c) Recognised fair value measurements

The table below presents the Fund's financial assets and liabilities measured and recognised at fair value as at 30 June 2021.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>As at 30 June 2021</b>				
<b>Financial assets</b>				
Australian listed equity securities	13,241	500	-	13,741
Debt securities	586	-	-	586
<b>Total financial assets</b>	<b>13,827</b>	<b>500</b>	<b>-</b>	<b>14,327</b>
<b>Financial liabilities</b>				
Australian exchange traded options	208	-	-	208
<b>Total financial liabilities</b>	<b>208</b>	<b>-</b>	<b>-</b>	<b>208</b>
<b>As at 30 June 2020</b>				
<b>Financial assets</b>				
Australian listed equity securities	11,293	-	-	11,293
Debt securities	977	-	-	977
<b>Total financial assets</b>	<b>12,270</b>	<b>-</b>	<b>-</b>	<b>12,270</b>
<b>Financial liabilities</b>				
Australian exchange traded options	156	-	-	156
<b>Total financial liabilities</b>	<b>156</b>	<b>-</b>	<b>-</b>	<b>156</b>

## 4 Fair value measurement (continued)

### (d) Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period.

### (e) Financial instruments not carried at fair value

The carrying values of receivables and payables approximate their fair values due to their short-term nature.

Net assets attributable to unit holders' carrying value differs from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior year.

## 5 Dividend and distribution income

	Year ended	
	30 June 2021 \$'000	30 June 2020 \$'000
Dividends	235	336
Trust distributions	<u>183</u>	<u>268</u>
<b>Total dividend and distribution income</b>	<b><u>418</u></b>	<b><u>604</u></b>

## 6 Financial assets at fair value through profit or loss

	As at	
	30 June 2021 \$'000	30 June 2020 \$'000
Australian listed equity securities	13,741	11,293
Debt securities	<u>586</u>	<u>977</u>
<b>Total financial assets at fair value through profit or loss</b>	<b><u>14,327</u></b>	<b><u>12,270</u></b>

An overview of the risk exposures and fair value measurements relating to financial assets at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

## 7 Financial liabilities at fair value through profit or loss

	As at	
	30 June 2021 \$'000	30 June 2020 \$'000
Australian exchange traded options	<u>208</u>	<u>156</u>
<b>Total financial liabilities at fair value through profit or loss</b>	<b><u>208</u></b>	<b><u>156</u></b>

An overview of the risk exposures and fair value measurements relating to financial liabilities at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

## 8 Derivative financial instruments

In the normal course of business, the Fund enters into transactions in various derivative financial instruments which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Fund's portfolio management. Derivatives are not managed in isolation. Consequently, the use of derivatives is multifaceted and includes:

- hedging to protect an asset or liability of the Fund against a fluctuation in market values, foreign exchange risk or to reduce volatility;
- a substitution for trading of physical securities; and
- adjusting asset exposures within the parameters set in the investment strategy, and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.

While derivatives are used for trading purposes, they are not used to gear (leverage) a portfolio. Gearing a portfolio would occur if the level of exposure to the markets exceeds the underlying value of the Fund.

The Fund holds the following derivatives:

### Options

An option is a contractual arrangement under which the seller (writer) grants the purchaser (holder) the right, but not the obligation, either to buy (a call option) or sell (a put option) at or by a set date or during a set period, a specific amount of securities or a financial instrument at a predetermined price. The seller receives a premium from the purchaser in consideration for the assumption of future securities price risk. Options held by the Fund are exchange-traded. The Fund is exposed to credit risk on purchased options to the extent of their carrying amount, which is their fair value. Options are settled on a gross basis.

The Fund's derivative financial instruments measured at fair value at year end are detailed below:

	<b>Contractual/ notional \$'000</b>	<b>Assets \$'000</b>	<b>Liabilities \$'000</b>
<b>As at 30 June 2021</b>			
Australian exchange traded options	<u>3,238</u>	<u>-</u>	<u>208</u>
<b>Total derivatives</b>	<u>3,238</u>	<u>-</u>	<u>208</u>
<b>As at 30 June 2020</b>			
Australian exchange traded options	<u>2,214</u>	<u>-</u>	<u>156</u>
<b>Total derivatives</b>	<u>2,214</u>	<u>-</u>	<u>156</u>

Information about the Fund's exposure to credit risk and interest rate risk and about the methods and assumptions used in determining fair values is provided in Note 3 and Note 4 to the financial statements. The maximum exposure to credit risk at the end of the financial year is the carrying amount of each class of derivative financial instruments disclosed above.

## 9 Net assets attributable to unit holders - equity

The Fund shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions set out in Note 2(c).

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

	Year ended			
	30 June 2021 Units '000	30 June 2020 Units '000	30 June 2021 \$'000	30 June 2020 \$'000
Opening balance	16,150	21,289	12,115	17,998
Applications	8,712	5,547	6,760	4,666
Redemptions	(6,531)	(10,780)	(5,012)	(8,983)
Reinvestment of distributions	172	94	130	77
Distributions paid and payable	-	-	(330)	(944)
Profit/(loss) for the year	-	-	1,077	(699)
<b>Closing balance</b>	<b>18,503</b>	<b>16,150</b>	<b>14,740</b>	<b>12,115</b>

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund.

There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemed on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

### Capital risk management

The Fund considers its net assets attributable to unit holders' as capital. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unit holders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders.

## 10 Distributions to unit holders

The distributions declared during the year were as follows:

	Year ended		Year ended	
	30 June 2021 \$'000	30 June 2021 CPU	30 June 2020 \$'000	30 June 2020 CPU
<b>Distributions</b>				
September	106	0.7996	193	0.9105
December	82	0.6821	129	0.7154
March	43	0.2443	84	0.5169
June (payable)	99	0.5332	538	3.3339
<b>Total distributions</b>	<b>330</b>	<b>2.2592</b>	<b>944</b>	<b>5.4767</b>

## 11 Cash and cash equivalents

	As at	
	30 June 2021 \$'000	30 June 2020 \$'000
Cash at bank	1,148	495
<b>Total cash and cash equivalents</b>	<b>1,148</b>	<b>495</b>

## 12 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Year ended	
	30 June 2021 \$'000	30 June 2020 \$'000
<b>(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities</b>		
Profit/(loss) for the year	1,077	(699)
Proceeds from sale of financial instruments at fair value through profit or loss	5,937	8,306
Payments for purchase of financial instruments at fair value through profit or loss	(6,688)	(3,050)
Net (gains)/losses on financial instruments at fair value through profit or loss	(754)	966
Net change in receivables	(32)	57
Net change in payables	4	(15)
<b>Net cash inflow/(outflow) from operating activities</b>	<b>(456)</b>	<b>5,565</b>
<b>(b) Non-cash operating and financing activities</b>		
The following distribution payments to unit holders were satisfied by the issue of units under the distribution reinvestment plan	130	77
<b>Total non-cash operating and financing activities</b>	<b>130</b>	<b>77</b>

## 13 Receivables

	As at	
	30 June 2021 \$'000	30 June 2020 \$'000
Dividends and distributions receivable	84	61
GST receivable	16	7
Interest receivable	4	4
<b>Total receivables</b>	<b>104</b>	<b>72</b>

## 14 Payables

	As at	
	30 June 2021 \$'000	30 June 2020 \$'000
Management fees payable	28	25
Other expenses payable	4	3
<b>Total payables</b>	<b>32</b>	<b>28</b>

## 15 Remuneration of auditors

During the year the following fees were paid or payable for services provided by the auditors of the Fund:

	Year ended	
	30 June 2021 \$	30 June 2020 \$
<b>Deloitte Touche Tohmatsu</b>		
<i>Audit and other assurance services</i>		
Audit and review of financial statements	10,000	13,445
Audit of compliance plan	-	5,000
Total auditor remuneration and other assurance services	10,000	18,445
<i>Taxation services</i>		
Tax compliance services	6,713	5,212
Total remuneration for taxation services	6,713	5,212
<b>Total remuneration of Deloitte Touche Tohmatsu</b>	<b>16,713</b>	<b>23,657</b>
<b>PricewaterhouseCoopers</b>		
<i>Audit and other assurance services</i>		
Audit of compliance plan	2,342	-
Total auditor remuneration and other assurance services	2,342	-
<b>Total remuneration of PricewaterhouseCoopers</b>	<b>2,342</b>	<b>-</b>

The auditors' remuneration is borne by the Investment Manager. Fees are stated exclusive of GST.

## 16 Related party transactions

The Responsible Entity of KFM Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975). Accordingly, transactions with entities related to Equity Trustees Limited are disclosed below.

The Responsible Entity has contracted services to Kaplan Funds Management Pty Limited, to act as Investment Manager and National Australia Bank Limited to act as Custodian and Administrator for the Fund. The contracts are on normal commercial terms and conditions.

### (a) Key management personnel

#### i. Directors

Key management personnel include persons who were directors of Equity Trustees Limited at any time during or since the end of the financial year and up to the date of this report.

Philip D Gentry	Chairman
Harvey H Kalman	(resigned 1 September 2020)
Ian C Westley	(resigned 3 July 2020)
Michael J O'Brien	
Russell W Beasley	(appointed 1 September 2020)

#### ii. Responsible Entity

Other than fees paid to the Responsible Entity, there were no other transactions.

## 16 Related party transactions (continued)

### iii. Other key management personnel

There were no other key management personnel with responsibility for planning, directing and controlling activities of the Fund, directly or indirectly during the financial year.

### (b) Transactions with key management personnel

There were no transactions with key management personnel during the reporting period.

### (c) Key management personnel unit holdings

Key management personnel did not hold units in the Fund as at 30 June 2021 (30 June 2020: nil).

### (d) Key management personnel compensation

Key management personnel are paid by EQT Services Pty Ltd. Payments made from the Fund to Equity Trustees Limited do not include any amounts directly attributable to the compensation of key management personnel.

### (e) Key management personnel loans

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to key management personnel or their personally related entities at any time during the reporting period.

### (f) Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the financial year and there were no material contracts involving management personnel's interests existing at year end.

### (g) Responsible Entity fees, Investment Manager's fees and other transactions

Under the terms of the Fund's Constitution and Product Disclosure Statement for the Fund, the Responsible Entity and the Investment Manager are entitled to receive management fees. The Investment Manager is also entitled to a performance fee.

The transactions during the year and amounts payable as at year end between the Fund, the Responsible Entity and the Investment Manager were as follows:

	Year ended	
	30 June 2021	30 June 2020
	\$	\$
Management fees for the year	<b>87,940</b>	117,000
Performance fees for the year	-	226,562
Management fees payable at year end	<b>28,465</b>	24,566

There were no performance fees payable at 30 June 2021 and 30 June 2020.

For information on how management and performance fees are calculated please refer to the Fund's Product Disclosure Statement.

The management fees borne by the Fund are paid to the Investment Manager, who in turn provides the on-payment of the fees to the respective service providers. Expense recoveries include Responsible Entity fees, Custodian and Administrator fees and other expenses.

Investment management fees reimbursed represent monies put into the Fund to ensure that the Fund's overall management costs remain within that defined in the Product Disclosure Statement.

Equity Trustees Limited earned \$30,000 (2020: \$30,000) for Responsible Entity services to the Fund.

## **16 Related party transactions (continued)**

### **(h) Related party unit holdings**

### **(i) Investments**

The Fund did not hold any investments in Equity Trustees Limited or its related parties during the year (2020: nil).

## **17 Events occurring after the reporting period**

No significant events have occurred since the end of the year which would impact on the financial position of the Fund as disclosed in the statement of financial position as at 30 June 2021 or on the results and cash flows of the Fund for the year ended on that date.

## **18 Contingent assets and liabilities and commitments**

There were no outstanding contingent assets, liabilities or commitments as at 30 June 2021 and 30 June 2020.

## Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) The financial statements and notes set out on pages 6 to 28 are in accordance with the *Corporations Act 2001*, including:
  - i. complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - ii. giving a true and fair view of the Fund's financial position as at 30 June 2021 and of its performance for the financial year ended on that date.
- (b) There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- (c) Note 2(a) confirms that the financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.
